Prevention of armed conflict

Security Council
Seventieth year

Letter dated 16 April 2015 from the Permanent Representative of Armenia to the United Nations addressed to the Secretary-General

Upon the instructions of my Government, I convey the grave concern of Armenia with regard to the ongoing violations of the ceasefire by the armed forces of Azerbaijan on the line of contact between Nagorno Karabakh and Azerbaijan and across the border between Armenia and Azerbaijan, recorded for the month of March 2015 (see annex).

On 19 March, a military infiltration of the Azerbaijani armed forces along the line of contact in the Martakert region of the Nagorno Karabakh Republic resulted in four deaths and seven wounded soldiers of the Nagorno Karabakh Defence Army. Azerbaijan hides its military losses. Special arrangements put into effect by presidential decree in Azerbaijan have severely restricted the access by journalists and representatives of civil society to their borderline regions since September 2014.

The deterioration of the situation as a result of the military provocations of Azerbaijan during the month of March resulted in the death of soldiers Arsen Karapetyan, Arshak Harutyunyan, Hakob Khachatryan, Eduard Hayrapetyan, Samvel Hakobyan and Hovsep Andreasyan, while soldiers Narek Mkrtchyan, Gurgen Mkrtchyan, Taron Khudabakhshyan, Artavazd Karapetyan, Sargis Gabrielyan, Gor Darmanyan, Jirayr Nalbandyan, Jora Grigoryan, Onik Miqayelyan, Edgar Martirosyan, Rafayel Nazarjan and Gevork Manvelyan were wounded.

The use of heavy weaponry in violation of the ceasefire indicates the intention of Azerbaijan to further escalate the situation. For the first time since the establishment of the ceasefire, 120 mm artillery weapons were used. Such deliberate and consistent aggressive actions by Azerbaijan are aimed at undermining the ceasefire regime established by the trilateral ceasefire agreements in May 1994 and February 1995 by shifting the military balance in the region.

Azerbaijan blatantly pursues a military solution to the Nagorno Karabakh conflict. On 23 March, the Minister of Defence of Azerbaijan, Zakir Hasanov, declared: "The time has now come. We will liberate our lands in a short time. ... We will destroy 70 per cent of the enemy with the first strike. ... We have so many weapons and [military] equipment that, after our strike, the Armenians will not

Please recycle

recover even after hundreds of years." While the world marks the International Day for the Elimination of Racial Discrimination, the Azerbaijani minister continues to send a message of hatred and xenophobia, such as: "Each of our soldiers must day and night use every opportunity to destroy the enemy".

Calls by Azerbaijan to return to a military phase of the conflict are further attempts to suppress by the use of force the right of people of Nagorno Karabakh to self-determination. Armenia resolutely condemns the aggressive policy, rhetoric and actions of the Azerbaijani leadership, which lead to the loss of human lives. Azerbaijan bears full responsibility for the military escalation of the conflict and its consequences.

Armenia reiterates its firm position that consolidating the ceasefire by implementing confidence-building measures is crucial to advance the peaceful settlement of the conflict. Our proposal to investigate ceasefire violations in order to identify the party responsible for concrete incidents still stands alongside with other proposals on confidence and security-building measures.

I kindly request that the present letter and its annex be circulated as a document of the General Assembly, under agenda item 32, and of the Security Council.
